Special Purchasing Tips

Point of Sale Purchases: You can use your debit card for purchases at any merchant who accepts Visa as a payment option. You can also request cash back from most merchants in addition to the amount of the purchase. To receive cash back, ask the merchant at the time of the sale or follow the directions on the merchant's automated card processor.

Returning A Purchase: Every store has its own return policy and will handle the return in the same way as any other Visa transaction.

Gas Stations: When you pay at the pump, some stations check to see if you have enough money to pay for a full tank (up to \$50) because they don't know how much you are going to buy. If your card is declined, and you know you still have money, tell the attendant how much gas you intend to buy and sign the purchase receipt for the amount available on your card. You may also choose to pay for your gas purchase inside with the attendant, instead of paying at the pump.

How Your BB&T Support Debit Card Works

Your new card is not a credit card. It is a Visa debit card that is issued to you by BB&T, on behalf of the County Clerk of Court. You can use your card anywhere that accepts Visa debit. Just give the card to a cashier, waiter, or attendant, and then sign your receipt or enter your debit card PIN to complete your purchase. Each time that you use your card, the purchase amount is deducted from the amount of money available on the card.

Lost or Stolen Cards

If your card is lost or stolen, immediately call 1-866-845-6290. Once your card is reported missing, BB&T will not allow anyone to use it, and we will issue you a new card.

Because your BB&T Support Debit Card gives you access to your support payments, it's important to protect your card. Memorize your card's Personal Identification Number (PIN). Your debit card PIN is a secret four-digit code that allows you to get cash at an ATM or at participating merchants. Always keep it separate from your card, and never tell your debit card PIN to anyone, especially over the phone.

Checking Balances

With your BB&T Support Debit Card, it's easy to check your balances and keep track of your purchases, by phone, ATM or Internet.

By Phone: Call 1-866-845-6290 and enter your card number and passcode. Your passcode will be the last four digits of your Social Security Number. You can check on your balance up to four times a month at no charge (see pricing information on back). Information is available by phone 24 hours a day, seven days a week.

At the ATM: Simply use your card at any ATM, enter your debit card PIN, and follow the prompts to check your balance. Some fees may apply, so please check the pricing information provided.

By Internet: If you have Internet access, you can check your balances and purchase activity at www.lex-co.com – from the home page click on the BB&T Support Debit Card link. Your passcode will be the last four digits of your Social Security Number. This is a secure site that gives you access 24 hours a day, seven days a week. You will need your card number and passcode to access information on this site.

Checking on Payments

If you'd like to verify that a support payment has been received by the County Clerk of Court, call 803-785-8212 (press option 1 and enter your current Lexington County PIN) or go online to www.lex-co.com. You will be advised whether a payment has been received, but this does not necessarily mean the payment has been loaded onto your debit card (see 'Checking Balances' above).
